Projeto Robot Rabbit

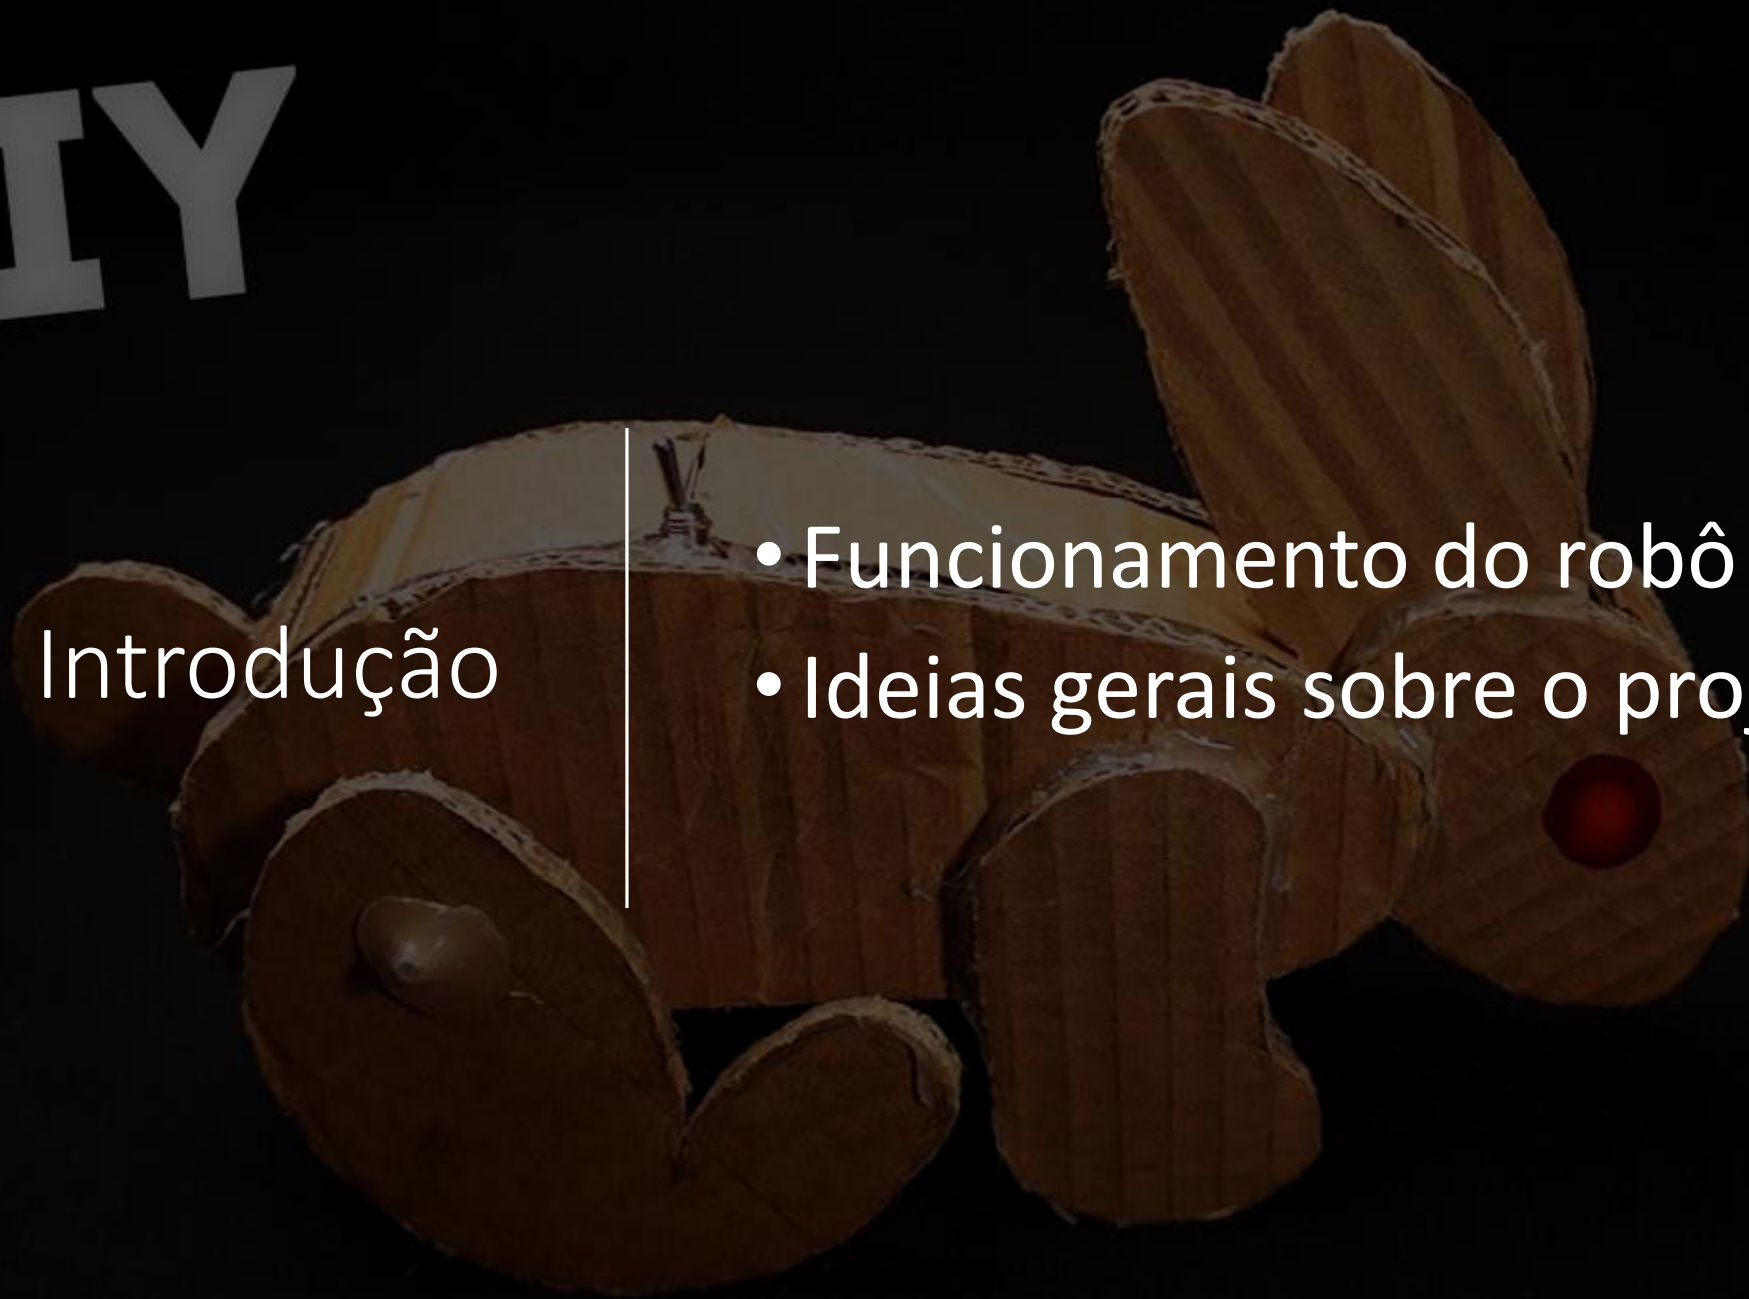

Docente: Lucileide Medeiros Dantas da Silva

DIY

Introdução

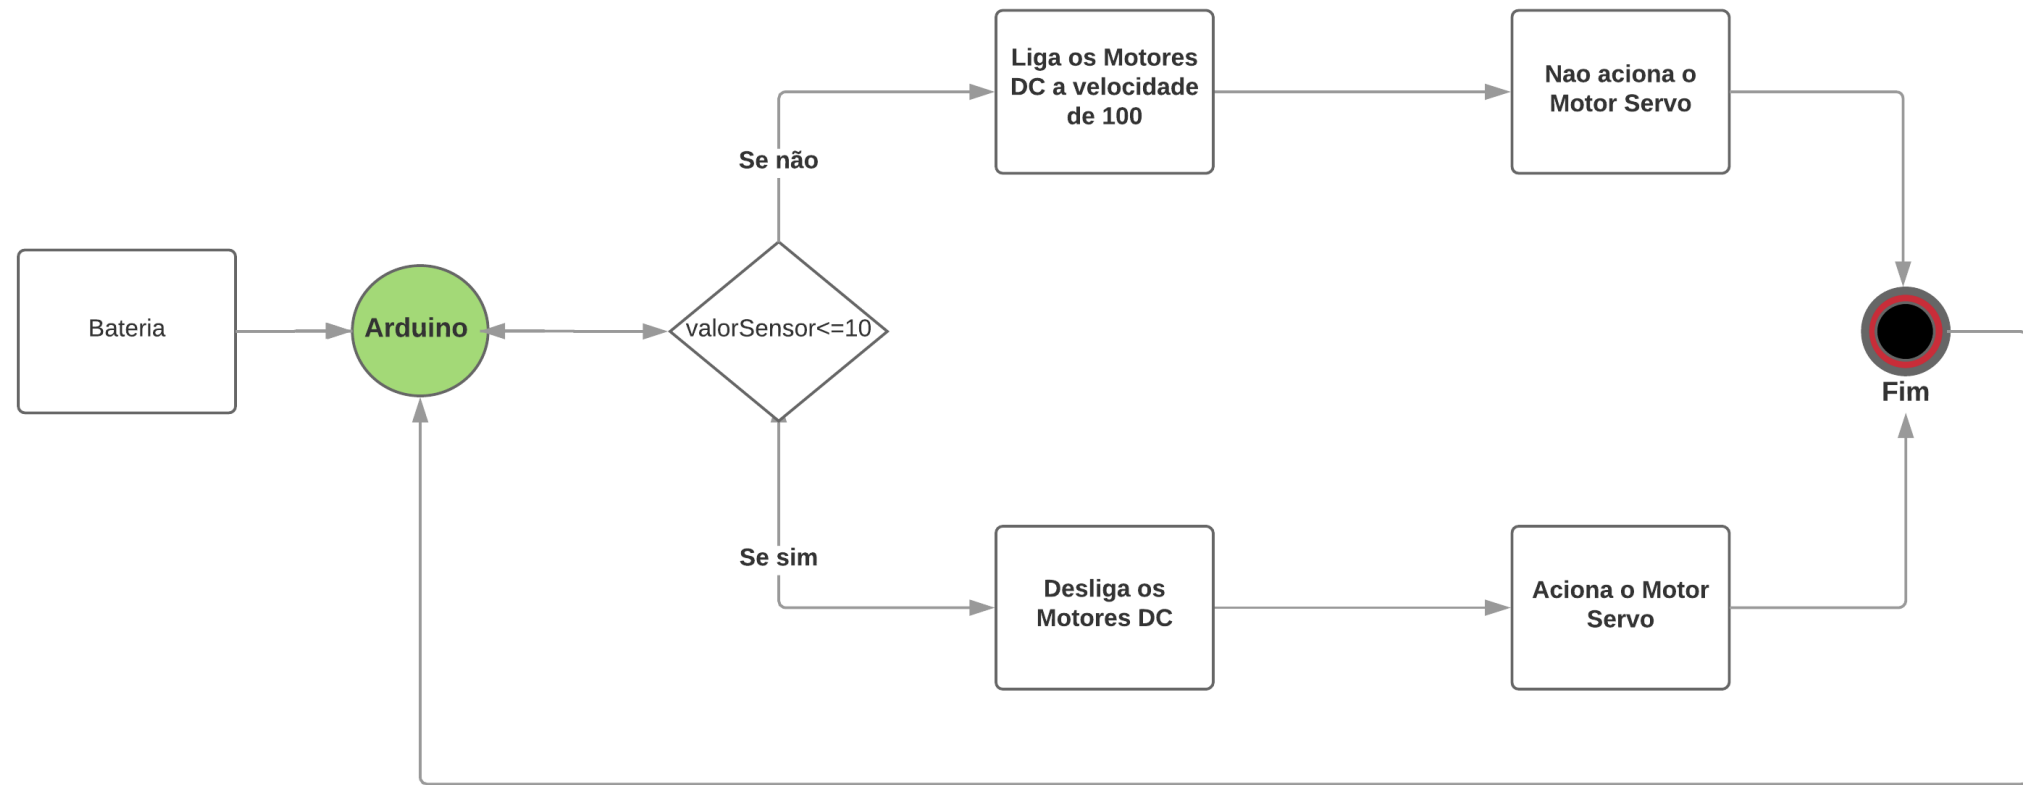

- Funcionamento do robô
- Ideias gerais sobre o projeto

Componentes do robô

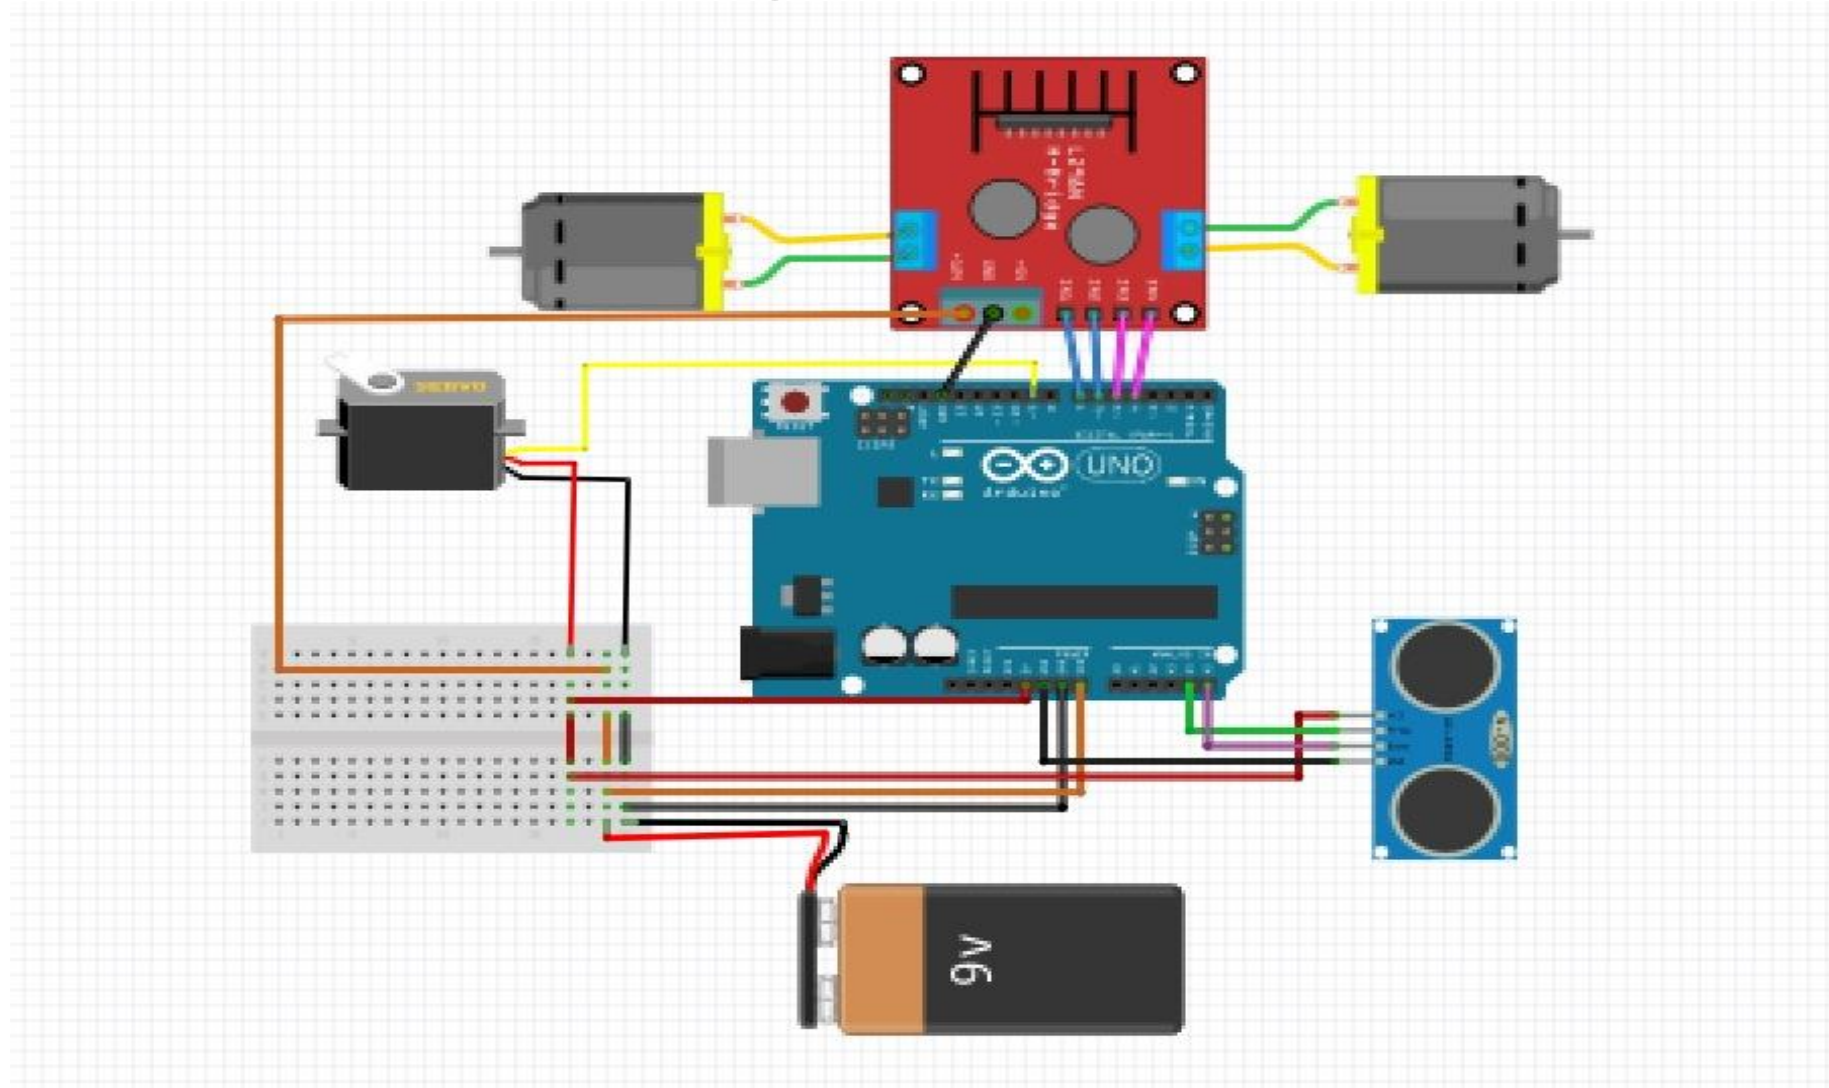

- Ponte H L298-N;
- Arduíno Uno;
- Motores Dc;
- Sonar HC-SR04;
- Servo Motor;

Fluxograma do código

Circuito no Fritzing

A close-up photograph of a person's hand holding a prosthetic arm. The prosthetic arm is silver and black, with a large camera lens mounted on its end. The background is a solid grey color.
